LOW DENSITY RECLOSABLE BAGS

BEK low density bags help your operation “seal in” the savings. They are designed to keep vegetables crisp, fruits juicy and breads fresh. BEK bags save space in your refrigerators when bulky storage containers take up too much valuable space. We have redesigned the packaging for our BEK lines for better use in kitchens.

- “Write-on Block” so you can record the date and contents
- Bilingual color coded labeling stripe
- Use for foods that will be left out or refrigerated
- See-through clear bag for easy product identification
