

SoftFit™ THIN NITRILE GLOVES

SoftFit™ THIN NITRILE GLOVES

SoftFit™ Thin Nitrile Gloves are the ultimate vinyl and latex alternative, featuring nitrile's high durability and form-fitting design with a lightweight softness that feels like a second skin.

Handgards SoftFit™ Nitrile Gloves retain the best qualities of nitrile gloves, such as high flexibility and durability, while offering a barely-there fit that is closer, softer and lighter than ever. Each pair is exceptionally comfortable and tough, with the ability to be used around moderate heat, grease and oil. SoftFit™ nitrile gloves are the ideal cost-effective alternative for vinyl and latex users.

SoftFit™ gloves are packed 250 per dispenser, reducing packaging, energy and transportation costs while maximizing value and shelf space.
